EDUCATION

Santa Clara University, Santa Clara— *BS Computer Science*
September 2019- Present GPA: 3.6

EXPERIENCE

U.S. Department of Commerce- Census Bureau, San Jose *Enumerator*
August 2020- October 2020
- I collected and analyzed large amounts of data from respondents to ensure precise information is received by the federal government
- I conducted Census interviews from respondents and accurately document all information
- Conducted interviews with residents in assigned areas, following all confidentiality laws, explaining the purpose of the census, and recording data through an electronic device

Target, San Jose — *Guest Advocate*
August 2019 - February 2020
- I created a welcoming and positive environment for all guests to ensure they have a positive experience and I implemented strong interpersonal communication skills.
- I trained and advised new team members on following guidelines and procedures
- I demonstrated the ability to work under pressure and collaborated with team members in other departments.
- I established a people-centric approach toward culture and community.

NASA, Mountain View — Security *Shadow*
November 2018- November 2018 24 hours
- Shadowed the Vulnerability and Penetration testing team at NASA
- Learned about techniques used to protect network infrastructures
- Examined how to find security vulnerabilities and patch them
